

Strawberry Pudding Poke Cake

Ingredients:

- 2 round cake layers, baked (I like to use yellow but white cake would work as well.)
- 3-4 c. strawberries, sliced
- 2 packs strawberry jello, prepared according to directions
- 2 packs vanilla pudding, prepared according to directions
- 2 packs cool whip
- 2-3 strawberries for garnish, optional

Directions:

Place one baked cake layer in a large bowl.

Use the handle of a wooden spoon to poke holes in the cake.

Pour half of the jello over the cake.

Top with half of the strawberries.

Spread half of the pudding over top.

Top with one pack of cool whip.

Repeat layers.

Cover with plastic wrap.

Chill 1-2 hours.

Enjoy
