

## Diy Reusable Wipes

### Ingredients:

- 5-6 [tea towels](#) cut into fourths *\*\*see note below*
- 20-30 drops [essential oils](#) (*can use one or combination of tea tree, lavender, lemon, and/or eucalyptus essential oils*) Use code: **KIRBYSKORNERFREE** at [Simply Earth](#)
- 3 cups water
- 3/4 c. [rubbing alcohol](#), optional
- 1 1/2 c. [white vinegar](#)
- [Airtight container\(s\)](#) for storage

### Directions:

1. Combine the water, vinegar, and rubbing alcohol in the container.
2. Add essential oils and mix well.
3. Add cut-up towels to the container, and pack down to allow them to soak up all the solution.
4. Cover the container, and flip it upside down to ensure that every towel is saturated.
5. Use these as needed for quick cleanings.
6. Wash the towels when dirty and repeat the steps to keep a supply of wipes handy.

*\*\*You could use old t-shirts, baby blankets, or just about anything else instead of the tea towels.*

**DO NOT use these wipes on granite as the vinegar may damage them.**
