

Chocolate-Dipped Goodies

Ingredients:

- Bag of semisweet chocolate chips or white chocolate chips
- sprinkles, crushed peppermint candies, or other candy decorations
- coffee straws, or mini candy canes (*optional*)
- marshmallows, pretzel sticks, pretzels, cookies, plastic spoons, or other items for dipping
- Plastic wrap or baggies (*optional*)
- ribbon (*optional*)

Directions:

Line a cookie sheet with wax paper.

Melt the chocolate of your choice in a microwave-safe bowl. *Do 30 seconds at a time, stir, and repeat until melted and smooth.*

Place your sprinkles and decorations in separate bowls. *You can also use melted chocolate to drizzle over the dipped goodies.*

You can use the coffee straws or mini candy canes to stick into the marshmallows for 'handles' and then dip in the chocolate. *Repeat this step for anything else you may want to dip.*

Then dip in desired candy coating.

Place on the prepared cookie sheet to harden.

Once hardened you can wrap them gently in plastic and tie with a pretty ribbon for gift giving or party favors.
