

Lemon Cake Bars

I got this recipe from a co-worker a long time ago. I was pregnant at the time and these were one of my biggest cravings! *(I don't know if the pan is meant to be an 8x8 or 9x9? or maybe even a 9x13... I really can't remember for sure)*

Ingredients:

Bars:

- 1 egg
- 1/4 - 1/2 c. water
- 1 box lemon cake mix

Topping:

- 2 eggs
- 8 oz cream cheese
- 1 c. powdered sugar

Directions:

Preheat oven to 350.

Mix everything for the bars together and press into the bottom of a greased pan.

Mix together the topping ingredients and pour over the cake batter.

Bake until golden brown... 20-30 minutes?
